WHO WE ARE.

STM Canna, a pioneer in pre-roll automation systems and machinery, leverages over 6 years of industry experience and 20 years of manufacturing expertise. As a trusted leader, we prioritize excellent service, consistently delivering top-quality equipment to our extensive network of over 1,000 customers across 42 U.S. states and 9 countries.

PRE-ROLL FACTS.

1. The U.S. and Canadian pre-roll markets exhibit the fastest year-over-year growth compared to other categories.
2. Pre-rolls experience minimal price compression, making them a strategic choice for sustaining and enhancing profitability amid declining margins across various categories.
3. Pre-roll multipacks have seen a remarkable 400% growth, with a surge in demand for buying multiple packs. Increasing production is crucial to meeting this demand and maximizing profitability.

PRE-ROLL GROWTH U.S. MARKET 2021-2023

YEAR-OVER-YEAR PRE-ROLL SALES IS HIGHER THAN OTHER CANNABIS CATEGORY

TO PRE-ROLL PERFECTION!

STM'S ONE-TRAY WORKFLOW OPTIMIZES EFFICIENCY, QUALITY, AND COST SAVINGS.

- Increased volume: Produce more pre-rolls in less time.
- Lower labor costs: Operate with fewer employees.
- Reduced waste: Precision minimizes flower loss in filling, weighing & closing.
- Enhanced quality: Ensure consistent weight and regulatory compliance.
- Modular design: Easy maintenance, minimizing downtime and costs.

STM COMPATIBLE CONES

Operators can adjust weights within specified ranges by raising/lowering the Top Tray, modifying grind size, bulk density, or machine cycle time. Papers should at least match the dimensions listed for optimal results. The Top Tray's metering system are optimized for standard sizes (84/98 MM & 109 MM), and custom sizes like Dogwalker & others may require additional tuning.

REVOLUTION 2.0

#1 PREMIUM COMMERCIAL GRINDER

\$17,545

Designed specifically for cannabis, the Revolution 2.0 delivers a homogenous, consistent grind, optimal for evenly packed pre-rolls and high-yield extraction.

- Scientifically Proven to Minimize Cannabinoid & Terpene Loss.
- Self-Regulating, Closed-Loop System to Prevent Clogs
- Auto-Blade Oscillation Creating Scissor-Like Cuts
- Auger Timing & Blade Speed Control
- Continuous Feed for Lower Labor Costs
- 1-year Parts & Labor Warranty

In 2021, Brilliant Health, LLC. determined that the STM Revolution 2.0 grinder had less than 1% terpene loss at 9% moisture, and only 0.5% during grinding. Importantly, no significant decarboxylation or chemical alterations were observed in cannabinoids and terpenes with the Revolution 2.0.

MINI-REVOLUTION

COMMERCIAL CANNABIS GRINDER

\$6,600

Specially made for cannabis, the small-but-mighty Mini-Revolution delivers a homogenous, consistent grind optimal for evenly packed pre-rolls and extraction.

- High Torque Variable Speed Motor (low, medium & high)
- Interchangeable Fine & Coarse Blades
- Less Terpene, Cannabinoid Loss Than Competitors
- Homogenous & Consistent Flower Particles
- Designed, Manufactured & Assembled in the USA
- Tabletop Unit, Ergonomic for Small Production Spaces
- Quiet Operation
- Designed for Easy Operation, Maintenance and Cleaning
- 1-year Parts & Labor Warranty

ROCKETBOX PRO

CO-PACKERS & HIGH VOLUME UP TO
5000/HR, 40K A DAY WITH 3-4 PEOPLE

\$49,950

The STM Canna RocketBox Pro is the ultimate solution for high-volume pre-roll production. With five independent stations, it efficiently processes various sizes and strains, ensuring top-tier, uniform pre-rolls and streamlining workflow.

- Up to 5000/hr and 40,000 a day.*
- 5 independent stations for ZERO downtime!
- Ideal for large producers & co-packers.
- Run multiple strains & sizes at once.
- Select pre-roll size with a turn of a switch.
- Fine tune your weights with a push of a button.
- Auto mode with custom timers – set it and forget it!
- Maintenance and Cleaning is a breeze!

Results may vary based on material, equipment, personnel, facility, controls, and specific processes. STM is committed to assisting you in achieving optimal results with our equipment and processes.

ROCKETBOX 2.0

UP TO 453 PRE-ROLLS PACKED EVERY CYCLE
UP TO 2500 PER HOUR & 20K+ A DAY*

\$20,267

The STM RocketBox 2.0 pre-roll machine maximizes joint production, slashing labor costs. Rolling 453 joints per cycle, it stands as the pinnacle of pre-roll machines.

- Smart density software to achieve weight accuracy.
- Powerful motor fills & packs 453 in 1-2 minutes.
- Built-In training mode with tutorials.
- Precise, consistent & repeatable results.
- Adjustable Lift plate levels cones from bottom up.
- Adjustable top tray to regulate fill volume.
- Compatible with 84mm, 98mm and 109mm cones.
- Not part of the One-Workflow System.
- One-year parts and labor warranty.

 **1-YEAR
WARRANTY**

MINI-ROCKETBOX PLUS+

PRODUCE UP TO 10K A DAY WITH 1-2 PEOPLE

\$6,600

Built like a tank, the patented Mini-RocketBox PLUS+ commercial pre-roll machine is the industry leader which combines power, efficiency, and versatility to maximize pre-roll production output. Superior to the Knockbox in every way.

- Produce up to 10K+ pre-rolls a day with 2-3 people*
- Produce up to 1250+ per hour*
- Sizes: 70mm, 84mm, 98mm, 109mm, custom
- No pre-weighing of material necessary (unlike with Knockbox)
- Lift plate to level cones from the bottom for even filling
- Adjustable Top Tray regulates fill volume for accurate weights
- Durable Stainless Steel for Commercial & Industrial Use
- Compatible with 70mm dog walkers, 84mm, 98mm and 109mm
- Designed for easy operation, maintenance and cleaning.

Results may vary based on material, equipment, personnel, facility, controls, and specific processes. STM is committed to assisting you in achieving optimal results with our equipment and processes.

LOAD, WEIGH, INFUSE & CLOSE

"Effortlessly streamline your process with solutions for loading, weighing closing and infusing - all part of the one-tray workflow"

CONE LANDER

LAUNCHPAD

ASTRO INFUSER

ATOMIC CLOSER

CONE LANDER

LOAD A TRAY OF 72 CONES IN SECONDS

\$7,000

The Cone Lander can accelerate the process of pre-roll production by minimizing the time needed to manually load 72-count trays with empty cones. You can now load a tray of 72 pre-rolls in just seconds, with precise and swift placement for 84mm, 98mm, or 109mm tray sizes.

- Simple Push Button Operation
- Loads 72-Count Tray of Cones in Seconds
- Saves Time and Labor Costs
- Durable Stainless Steel & Aluminum Construction
- 1-Year Parts & Labor Warranty

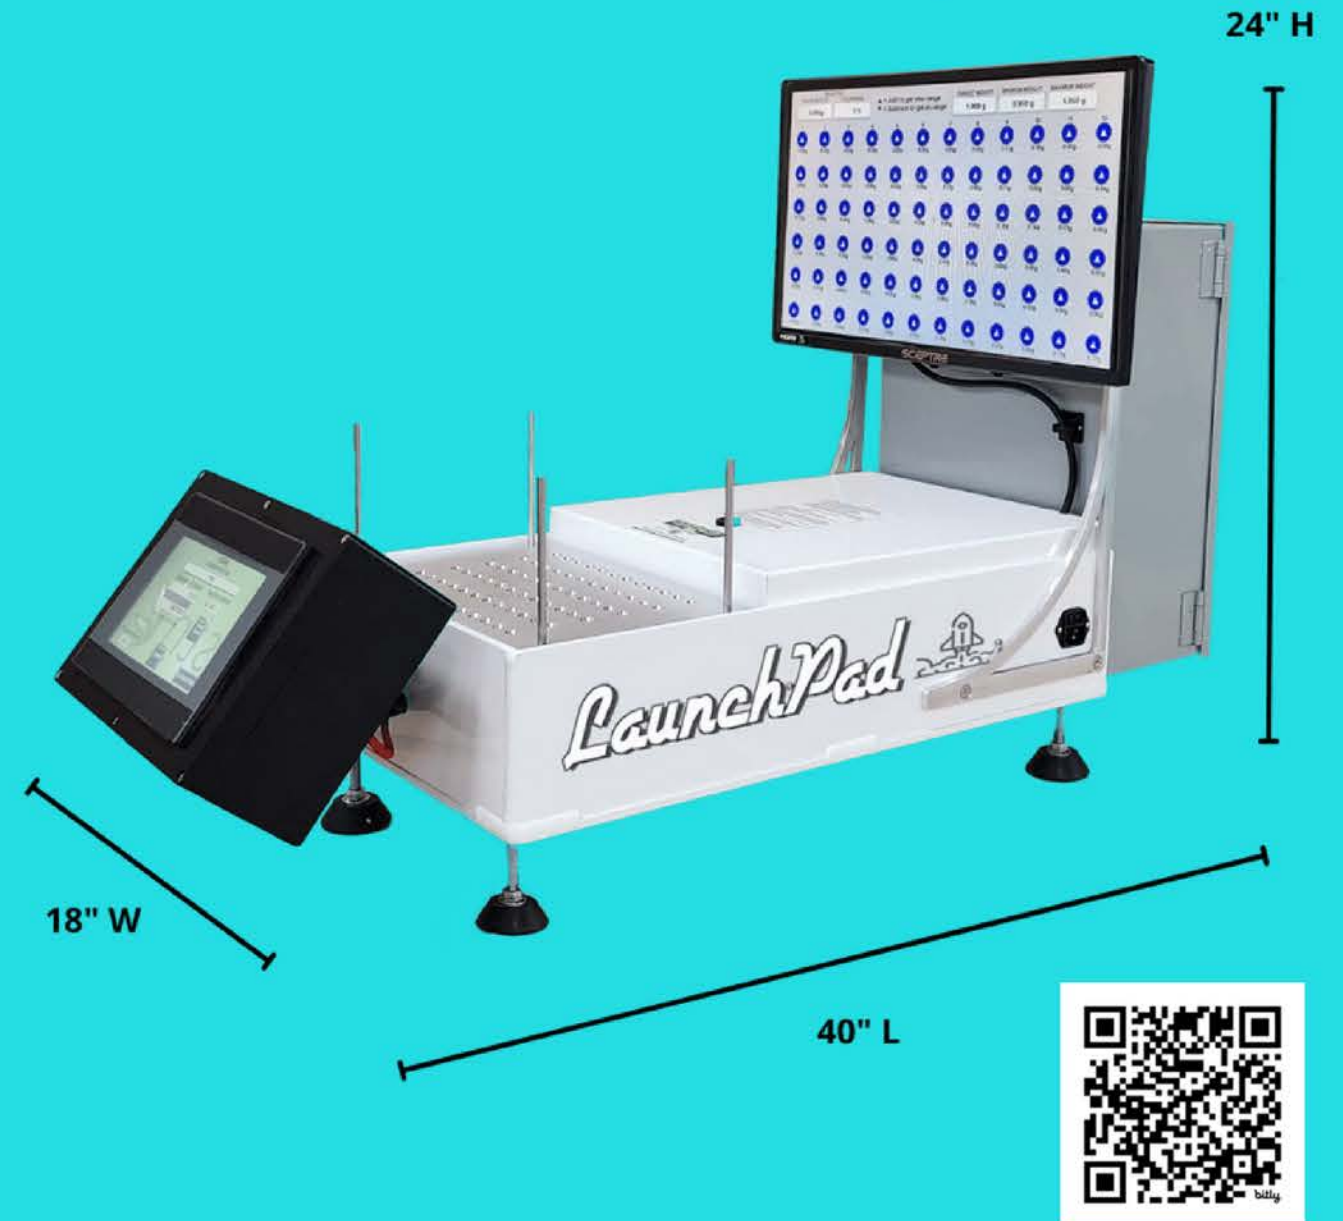

STM LAUNCHPAD

WEIGH 72-JOINT AT ONCE IN SECONDS

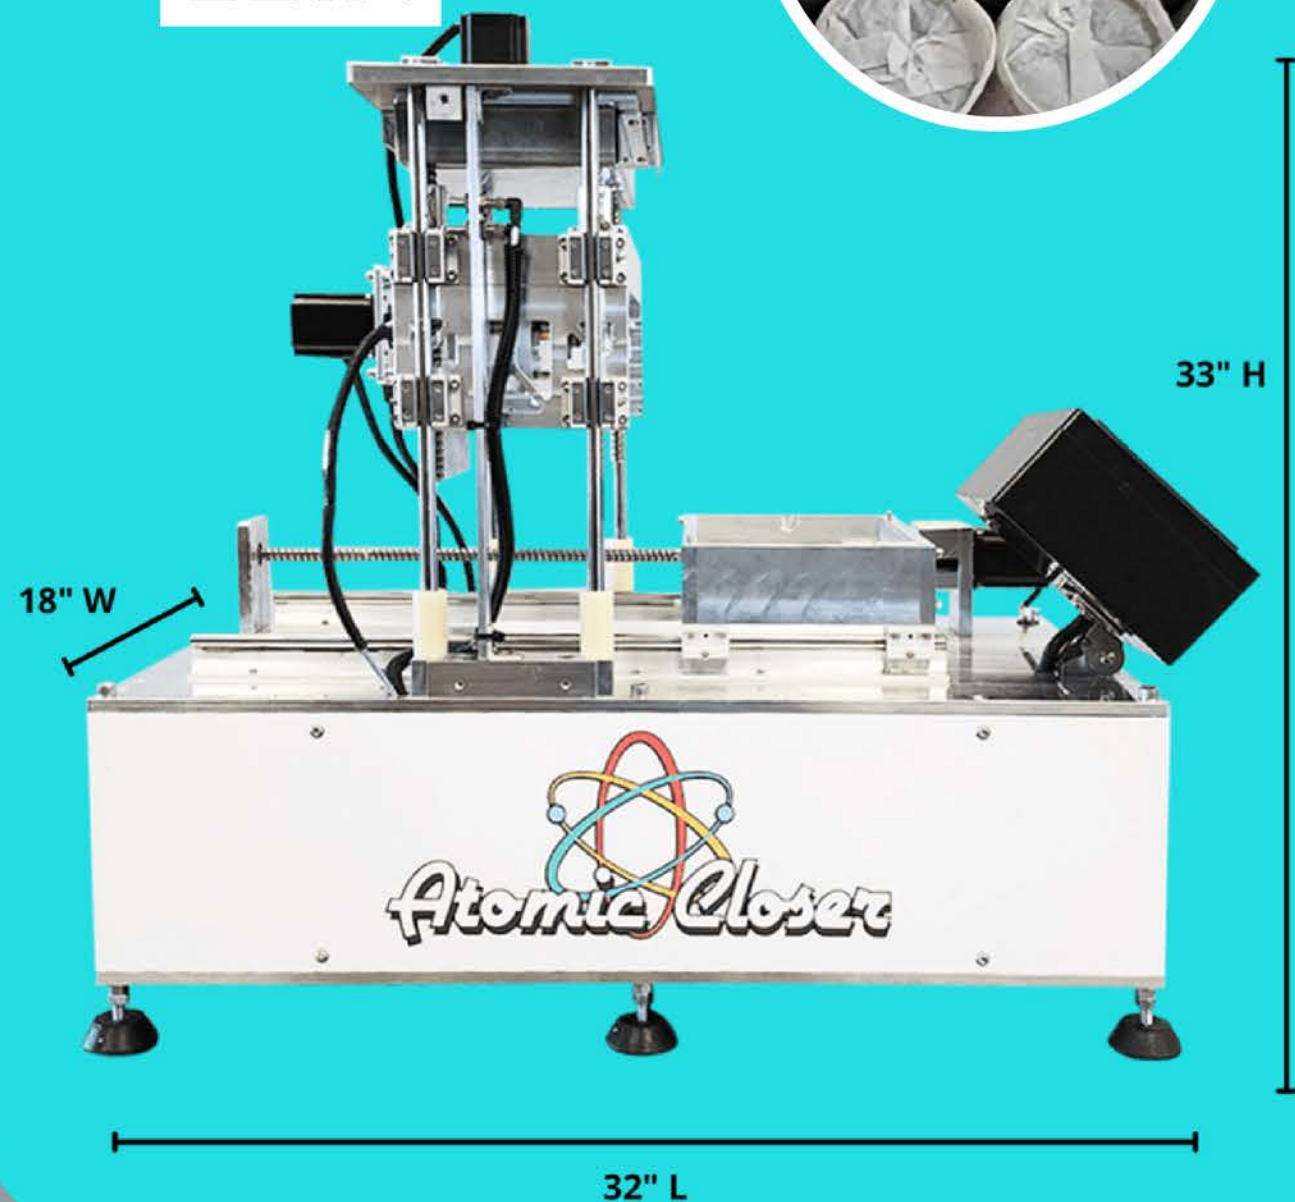

\$35,000

Ditch the slow, manual pre-roll weighing days! STM's LaunchPad scale is a game-changer, obliterating your production bottleneck with laser-focused efficiency. Picture this: 72 perfectly weighed pre-rolls simultaneously in mere seconds. LaunchPad tackles the grunt work, freeing up your team and boosting your output.

- The First & Only Modular, Commercial Pre-Roll Scale.
- Accurately Weigh 72 Joints Simultaneously.
- Target Weight, Tare, and % Tolerance Settings.
- 20" LCD Display with Pass/Fail Color-Coding.
- Ultra-Precise Readings for Each Individual Joint.
- Saves Time & Labor Costs Individually Weighing Joints.
- One-Year Warranty & Top Rated Customer Support.

STM ATOMIC CLOSER

DUTCH CROWN 72-JOINTS IN 40 SECONDS

\$49,000

The fastest pre-roll closing machine on the market is crafted to incorporate a human touch for an authentic premium look and feel. With an ultra-compact footprint, this unique system can operate on a tabletop, eliminating the industry's top pre-roll bottleneck in facilities of all sizes.

- Folds Ends into a Neat, Consistent Crown.
- Closes 72 joints every 40 seconds.
- Select Joint Size at the Touch of a Button!
- Joint sizes: 70mm, 84mm, 98mm, 109mm, Custom.
- Touch Screen Controlled.
- Effortless cleaning for hassle-free operation.
- Two-year warranty & top rated customer support.

• To ensure eligibility, please inquire about potential purchase restrictions.

The STM Canna Astro Infuser, exclusively for pre-roll infusion, merges precision, efficiency, and user-friendliness with advanced temperature controls. It cuts labor costs, swiftly scales output for a quick ROI. Tailored for infusing pre-rolls with liquid concentrates, it injects a full tray of 72 joints in under a minute.

- Eliminates labor and time loading closed joints into a tray.
- Infuses a tray of 72 pre-rolls in just under 1 minute.*
- Not a repurposed cartridge filling machine.
- Infuse pre-rolls with any liquid concentrate.
- Precise dispense & temperature control technology.
- Enhanced touch screen control system.
- Designed for easy operation, maintenance and cleaning.

PRE-ROLLED CONE PROGRAM

SAVE AN ADDITIONAL 5-10% OFF YOUR EQUIPMENT/SYSTEM PRICE

Save an additional 5-10% off your equipment/system price with a cone agreement from STM Canna and Zig Zag. Let us take the hassle out of sourcing your cones with the quality certified to work the best with STM equipment at competitive prices. We will handle logistics, shipping and delivery, all with one low per box price (including shipping) with a minimum quantity order.

ADDITIONAL 5% DISCOUNT OFF ANY SYSTEM

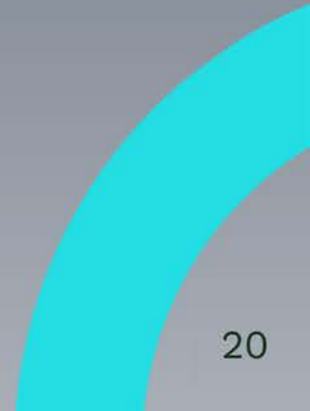

6-Month Contract with
a minimum 30K cones
a month.

ADDITIONAL 10% DISCOUNT OFF ANY SYSTEM

12-Month Contract
with a minimum 100K
cones a month.

Equipment purchases under \$50K, 6-month agreement is 5% off, 12-month is 10% off with a 30K monthly MOQ
For equipment purchases over \$50K, a 6-month is 5%, 12-month is 10% off with a 100K a month MOQ.
