“REVOLUTIONIZE YOUR PRE-ROLL MANUFACTURING PROCESS, SAVING TIME AND LABOR COSTS WHILE DELIVERING EXCELLENCE WITH EVERY ROLL.”

ROCKETBOX PRO

For High Volume Producers & Co-Packers

\$59,950

The STM Canna RocketBox Pro stands as the ultimate answer to high-volume pre-roll production and co-packaging needs. With its five independent stations, operators can efficiently process various sizes and strains concurrently, guaranteeing uniform, top-tier pre-rolls and streamlining workflow productivity.

- **5 independent filling stations for ZERO downtime!**
- **Ideal for Large Producers, Co-Packers & White labelers**
- **Run multiple strains and sizes simultaneously**
- **Up to 5000+ Pre-Rolls Per Hour for Extreme High Output***
- **Select pre-roll size on each station with a turn of a switch.**
- **Fine tune your pre-roll weights with a push of a button**
- **Auto Mode with Customizable timers – Set it and forget it!**
- **Adjustable Vibration with 40% More Rocket Power***
- **Seamlessly Integrates with the One-Tray Workflow**
- **Maintenance and Cleaning is a breeze!**

**1-YEAR

5 independent filling stations for ZERO downtime!

Run multiple strains & sizes simultaneously

Auto Mode with Customizable timers. Set it and forget it!

★ZERO DOWNTIME

★REDUCE LABOR

★ INCREASE PROFITS

The STM Canna RocketBox Pro redefines high-volume pre-roll production by eliminating downtime concerns. With five independent stations, it ensures uninterrupted production even if one station requires maintenance, allowing your business to run smoothly and maintain high output.

The RocketBox Pro seamlessly integrates into the one-tray workflow system, facilitating comprehensive pre-roll production from beginning to end. Its design harmoniously aligns with the one-tray system, ensuring a smooth transition through each production stage, from initial processing to the final output. This integration simplifies the entire pre-roll production process, streamlining efficiency and maintaining consistency from start to finish.

COMPATIBLE: 84MM, 98MM, 109MM & DOG WALKERS

** NOT RECOMMENDED FOR 1-TRAY WORKFLOW, OLDER SYSTEMS CAN BE ADAPTED HOWEVER.

STM COMPATIBLE CONES

Operators can adjust weights within specified ranges by raising/lowering the Top Tray, modifying grind size, bulk density, or machine cycle time. Papers should at least match the dimensions listed for optimal results. The Top Tray's metering system are optimized for standard sizes (84/98 MM & 109 MM), and custom sizes like Dogwalker & others may require additional tuning.

OPTIONAL EQUIPMENT

FOR USE IN THE ONE-TRAY WORKFLOW

**REVOLUTION
2.0**

GRIND.

Grind size is the most important for a superior pre-roll. The STM Canna Revolution 2.0 Grinder: Precision in every grind.
