THE 2026 GUIDE TO AUTOMATED PROFITABILITY

More Info

Trusted by 50% of America's Top Pre-Roll Brands | 1+ Billion Pre-Rolls Produced

509-204-3164 | STMCANNA.COM [ROLLCRAFT.CO](https://rollcraft.co) | SALES@STMCANNA.COM

# THE MARKET IS GROWING 63%. IS YOUR LINE READY?

STM Canna is the global leader in cannabis pre-roll automation. Since 2017, we've helped producers replace labor-heavy processes with modular, production-ready systems that scale without disruption.

Our patented one-tray workflow eliminates handoffs, reduces waste, and delivers consistent, compliant pre-rolls- whether you're producing hundreds a day or tens of thousands.

## Why Pre-Rolls Are Winning (And Why Automation Is No Longer Optional)

- Pre-rolls are the fastest-growing cannabis category.
- Infused pre-rolls are up 63% the past 2 years.
- Manual processes create production bottlenecks that will prevent you from capturing the 15% market growth projected for 2026.
- Modular automation allows you to scale output without the risk of 'all-in-one' machine downtime

# TO PRE-ROLL PERFECTION!

**STM'S ONE-TRAY WORKFLOW REMOVES INEFFICIENCY, VARIABILITY, AND LABOR RISK-  
WITHOUT SACRIFICING QUALITY**

- Increase output without increasing headcount
- Cut flower loss with precision dosing
- Deliver consistent, compliant weights every cycle
- Scale without retraining or retooling

# ROLLCRAFT: START AUTOMATING WITHOUT OVERCOMMITTING

RollCraft is STM's entry point into real automation-built for operators ready to replace hand-packing without overbuying equipment they'll outgrow.

RollCraft ATC

RollCraft MRB

Start Small. Scale Smart. Affordable Excellence.

# ROLLCRAFT MRB

START AUTOMATED. STAY FLEXIBLE

**\$3,500**

## Your First Step Out of Manual Production

The RollCraft MRB replaces hand-filling and packing with consistent, repeatable automation—lowering labor costs while protecting quality.

- 🚀 Consistent automated filling & packing.
- 📈 Craft-scale, STM-inspired design. Only 26 lbs.
- ⚙️ Quick setup with minimal training.

**6-MONTH  
WARRANTY**

**MADE IN  
USA**

# ROLLCRAFT ATC

## DUTCH CROWN CLOSING MODULE

**\$24,995**

Eliminate hand-closing with precision affordable automation that increases output, improves consistency, and cuts labor costs from STM's RollCraft line.

- 💎 Clean Dutch crown, every time
- ✅ Increased throughput over hand closing
- 🔥 Smoother burn, less canoeing
- 💰 Lower cost per unit, lower labor

**6-MONTH  
WARRANTY**

**MADE IN  
USA**

# GRINDING IS WHERE QUALITY IS WON-OR LOST

STM grinders are engineered specifically for cannabis-not repurposed food equipment-protecting terpenes, cannabinoids, and downstream consistency.

# REVOLUTION 2.0

## ENGINEERED TO PROTECT WHAT MAKES FLOWER VALUABLE

Engineered for cannabis, the Revolution 2.0 creates a uniform grind that drives better pre-roll consistency and higher extraction yields.

- Proven to minimize cannabinoid and terpene loss
- Self-regulating, clog-free closed-loop system
- Scissor-style blade oscillation
- Precision auger and blade speed control
- Continuous feed reduces labor
- 1-year parts & labor warranty

Third-party testing confirmed under 1% terpene loss and no measurable cannabinoid or terpene degradation with the Revolution 2.0.

## \$22,950

**1-YEAR  
WARRANTY**

**MADE IN  
USA**

# MINI-REVOLUTION

## PROFESSIONAL GRINDING FOR SMALL ROOMS

Designed for cannabis, the small-but-powerful Mini-Revolution produces a uniform grind that improves pre-roll consistency and extraction yields.

- High-torque variable speed motor
- Interchangeable fine & coarse blades
- Lower terpene and cannabinoid loss
- Uniform, consistent grind
- Compact, tabletop footprint
- Quiet operation
- Easy to use, clean, and maintain
- 1-year parts & labor warranty

**\$6,600**

**1-YEAR  
WARRANTY**

**MADE IN  
USA**

# ROCKETBOX PRO

360 PER CYCLE | 5,000/hr | 40,000+ DAILY

Engineered for scale, the RocketBox Pro uses five independent stations to maximize throughput, handle multiple sizes and strains, and deliver consistently uniform pre-rolls.

- Up to 5,000 pre-rolls/hour. 40,000/day.\*
- Five independent stations. Zero downtime.
- Built for large producers and co-packers
- Run multiple strains and sizes at once
- Switch sizes instantly
- Dial in weights with one touch
- Set it. Run it. Walk away.
- Clean fast. Maintain faster.

# ROCKETBOX 2.0

**453 PER CYCLE | 2,500/hr | 20,000+ DAILY**

Built to boost output and cut labor, the RocketBox 2.0 rolls 453 joints per cycle for efficient, high-throughput pre-roll production.

- Smart density software for accurate weights
- Packs 453 cones in 1–2 minutes
- Built-in training mode
- Consistent, repeatable results
- Adjustable lift plate and top tray
- Supports 84mm, 98mm, and 109mm cones
- Standalone unit (not One-Tray workflow)
- 1-year parts & labor warranty

# MINI-ROCKETBOX PLUS+

72/143 PER CYCLE | 2,500/hr | 20,000+ DAILY

Engineered for durability and output, the Mini-RocketBox PLUS+ delivers commercial-grade power, efficiency, and versatility for maximum pre-roll production.

- Produce 10,000+ pre-rolls per day with just 2–3 operators\*
- Up to 1,250+ pre-rolls per hour\*
- Supports 70mm, 84mm, 98mm, 109mm, and custom sizes
- No pre-weighing required
- Bottom-up lift plate for even filling
- Adjustable top tray for precise weight control
- Durable stainless-steel, commercial-grade construction
- Compatible with dog walkers and standard cone sizes
- Easy to operate, clean, and maintain

# FINISH STRONG: WHERE MARGINS ARE PROTECTED

"Effortlessly streamline your process with solutions for loading, weighing, closing and infusing - all part of the one-tray workflow."

CONE LANDER

LAUNCHPAD

ATOMIC CLOSER V3

ASTRO INFUSER 2.0

ASTROVAPE

# CONE LANDER

LOAD A TRAY OF 72 CONES IN SECONDS

## \$7,000

The Cone Lander can accelerate the process of pre-roll production by minimizing the time needed to manually load 72-count trays with empty cones. You can now load a tray of 72 pre-rolls in just seconds, with precise and swift placement for 84mm, 98mm, or 109mm tray sizes.

- Simple Push Button Operation
- Loads 72-Count Tray of Cones in Seconds
- Saves Time and Labor Costs
- Durable Stainless Steel & Aluminum Construction
- 1-Year Parts & Labor Warranty

# LAUNCHPAD SCALE

WEIGH 72-JOINT AT ONCE IN SECONDS

## \$42,995

STM's LaunchPad scale: Weigh 72 pre-rolls in seconds, increasing efficiency and freeing your team for other tasks. Boost your output and say goodbye to tedious manual weighing!

- Modular Design: First-ever adaptable commercial pre-roll scale.
- Weigh 72 Joints: Simultaneous weighing for maximum efficiency.
- Ultra-Precise: Individual readings for every joint.
- Customizable: Target weight, tare, and tolerance settings.
- 20" LCD Display: Pass/fail color-coding for instant feedback.
- Warranty & Support: 1-year warranty & top-rated customer support.

# ATOMIC CLOSER TURBO 2026

DUTCH CROWN 72-JOINTS IN 30 SECONDS

## \$59,995

Scale Your Pre-Roll Production with the 2026 Atomic Closer. This tabletop machine eliminates bottlenecks and delivers high-quality, consistent results for businesses of all sizes.

- Folds Ends into a Neat, Consistent Dutch Crown.
- Closes 72 joints faster in 28.4 seconds.
- Close up to 3600 joints per hour.
- Joint sizes: 70mm, 84mm, 98mm, 109mm, Custom.
- Tablet Touch Screen Controlled.
- Updated Programming
- Effortless cleaning for hassle-free operation.
- One-year warranty & top rated customer support.

# ASTRO INFUSER 2.0

INFUSE 72-JOINTS IN 90 SECONDS\*

## \$69,000

Astro Infuser: Infuse 72 pre-rolls in 90 seconds. This purpose-built machine delivers speed, precision, and consistency for high-volume infused pre-roll production.

- Infuses a tray of 72 pre-rolls in 90 seconds.\*
- Infuse pre-rolls with any liquid concentrate.
- Precise dispense & temperature control technology.
- Enhanced touch screen control system.
- Designed for easy operation, maintenance and cleaning.

ONE-TRAY  
W-FLOW

\*Results may vary based on material, equipment, personnel, facility, controls, and specific processes. STM is committed to assisting you in achieving optimal results with our equipment and processes.

# ASTROVAPE

FILLS 96 CARTRIDGES IN UNDER 60 SECONDS

**\$69,000**

AstroVape delivers production-grade cartridge filling with true volumetric accuracy, high speed, and STM's patented heated precision control - no nitrogen, no compromise.

- Fills up to 96 cartridges in < 1 minute @ 1g.
- Multi-Format Compatibility: 510, AIO Disposables, and customs.
- Precise dispense & temperature control technology.
- Programmable Product Recipe Management.
- Engineered for Easy Operation, Maintenance, and Cleaning

## ASTROVAPE SYSTEM

COMPLETE FILLING & CAPPING SYSTEM

**\$75,000**

Fill. Cap. Done.

AstroVape completes 96 cartridges in under two minutes—production speed, precision accuracy, zero bottlenecks.

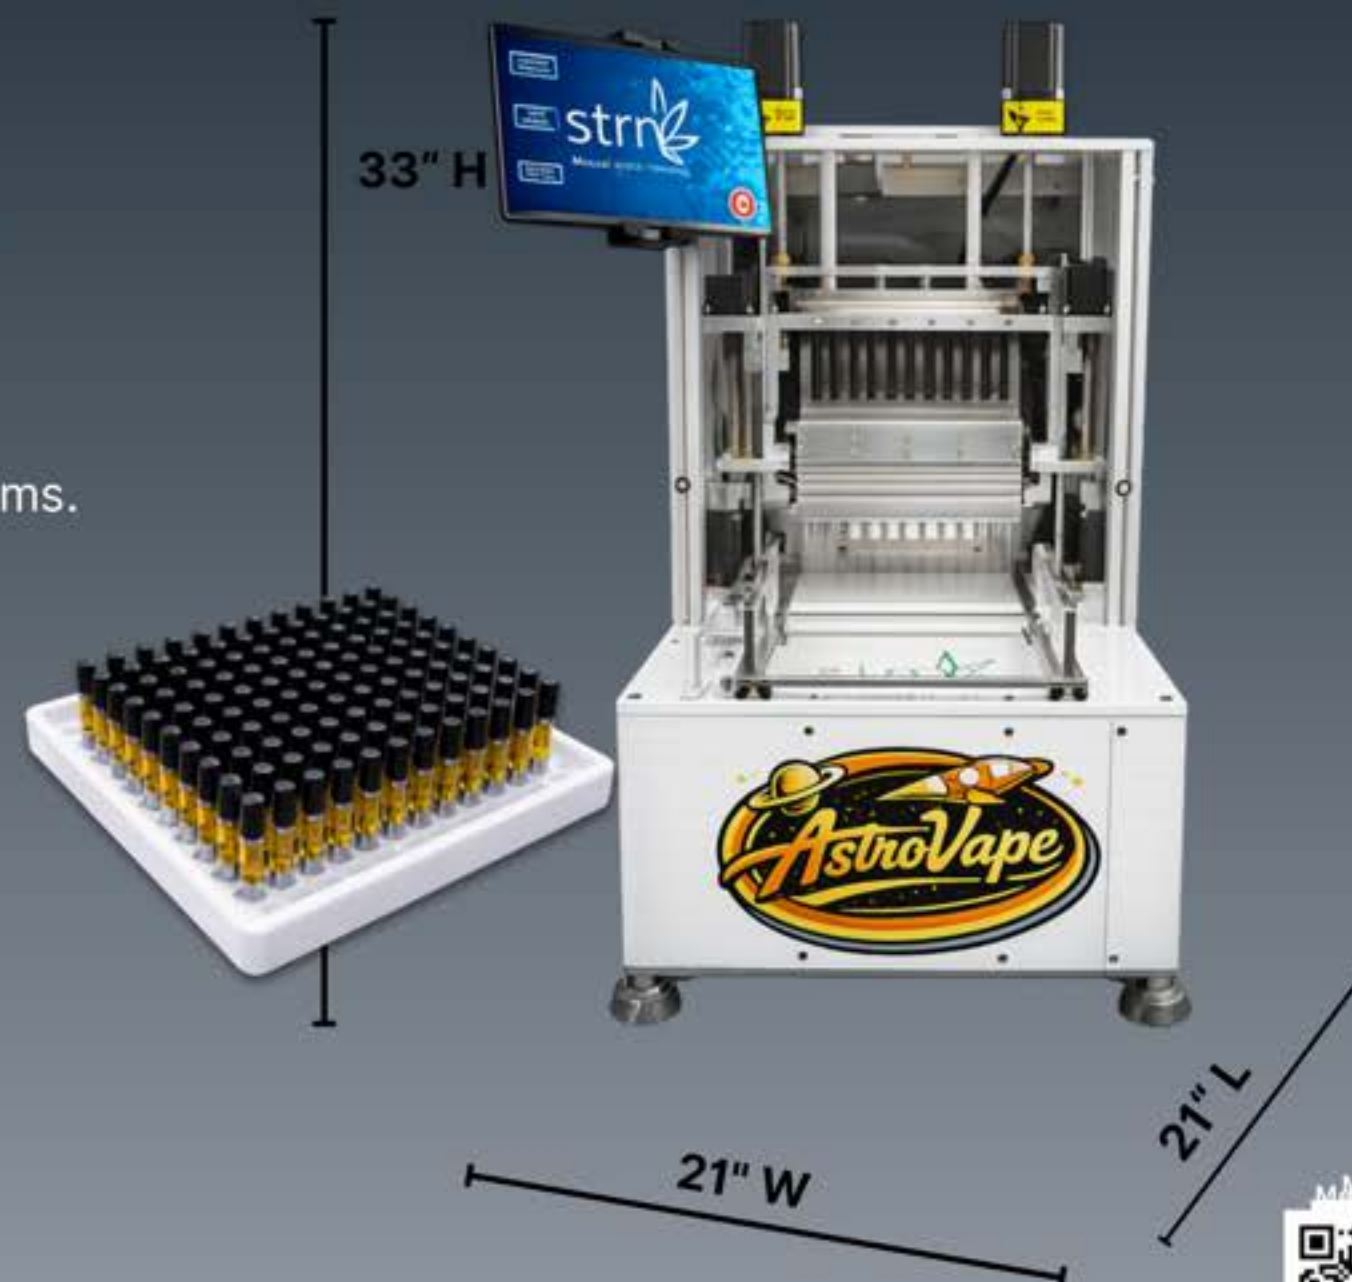

**1-YEAR  
WARRANTY**

**MADE IN

\*Pre-roll up to output and minimum staff/tray numbers are recommendations from STM Canna's extensive research and development, client results and other factors. Your results may vary based on material, process, number of personnel and other factors. Infused material may require additional time to obtain desired results. All numbers are based on 8 hour shift.

\*\* To achieve 40K a day, a second Atomic Closer is necessary. A single Atomic Closer machine can close around 20K a day.
