V1.1

Pre-roll Automation Combo: Fill + Close \$29,995

★ Best Value - MRB + ATC Jump Starter System

30–70% less than STM premium, ~95% less than enterprise. Typical ROI: 3–6 months from labor savings alone.

Key Features:

- Fill + close up to 10,000/day with 1–2 operators.
- 72 joints every 3 minutes.
- Works with 70mm–109mm cones.
- Retail-ready Dutch crown finish.
- Compact, easy to clean, quick setup.
- (ATC requires external air.)

RC Jump Starter Includes:

- MRB + ATC machines
- 2 extra trays (\$1,250 value)
- QR metal knobs (\$85) + 1 catch bins (\$25)
- Up to 2 hours virtual training (\$800 value)

Accessories kit (hoses, connectors, loading box, risers, etc. - \$250 value)

RollCraft MRB Pre-Roll Filling

72 PRE-ROLLS FILLED IN UNDER 60 SECONDS

\$3,500

Affordable pre-roll cone filling machine backed with STM-backed reliability.

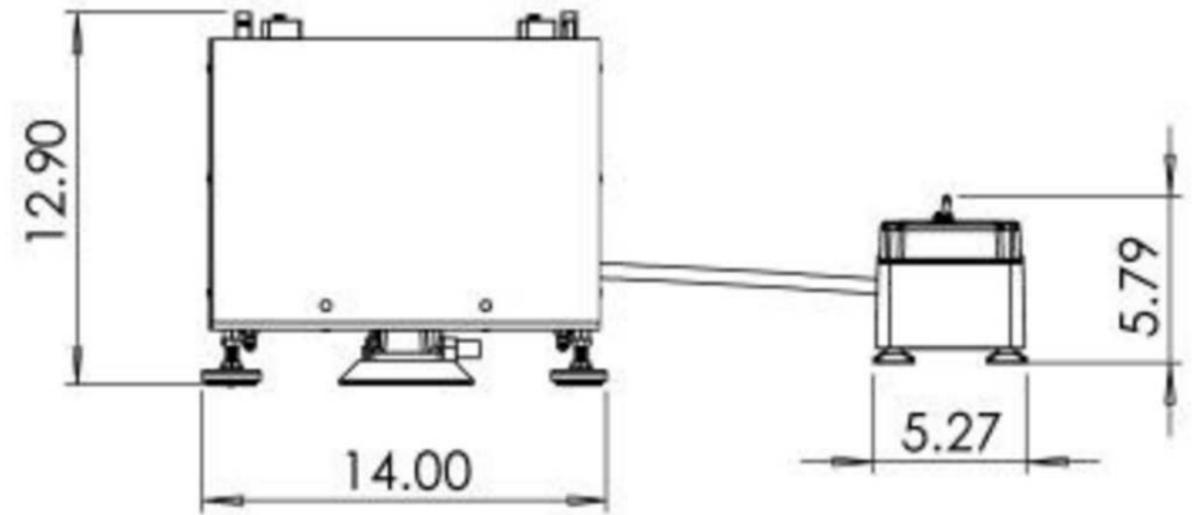

Fill up to 10,000 pre-rolls/day. 1-2 operators.
Powered by STM Canna.

3-4x Faster VS. KnockBox

Built from aluminum and steel and not plastic, not only is the MRB faster than the Knockbox but also no pre-weighing is necessary.

* Results will differ depending on the material, equipment, personnel, facility, controls and the specific processes employed. STM is dedicated to helping you attain optimal results through our equipment and processes.

RollCraft ATC

Close 72 Pre-Rolls in Under 60 Seconds.

\$24,995

Eliminate the largest bottleneck for pre-roll closing and eliminate costly manual hand-closing or a \$200k machine with the affordable RollCraft ATC automated closing machine.

- Clean Dutch crown every time with 1 operator
- No hand-finishing
- Works with 84mm, 98mm, 109mm cones
- Up to 10K a day with 1 operator
- Retail-ready finish prevents canoeing
- Perfect companion to the MRB filling machine for a complete pre-roll automation workflow.

INCLUDES:

- MINI TOP TRAY
- MINI BOTTOM TRAY
- MINI LOADING BOX

Built for the Gap Between the Knockbox and \$200K. MODULAR VS ALL-IN-ONE

When an all-in-one goes down, everything stops—filling, closing, revenue.

The RollCraft MRB + ATC gives you a complete fill-and-close line for \$29,995, with two independent modular stations. If one needs service, the other keeps running. No single point of failure. No \$200,000 machine shutting down your operation.

This is not a budget compromise. It is a smarter capital decision for growing cannabis brands: retail-ready output, craft-scale investment, and proven technology trusted by 50% of the top 20 U.S. pre-roll brands.

The window to automate is open. It will not stay open forever.
