RollCraft MRB

72 or 143 PRE-ROLLS PACKED IN 90 SECONDS

\$3,500

The RollCraft MRB delivers STM-level consistency in a compact, affordable system. Its 44 ft-lb centrifugal filler and universal trays produce repeatable, uniform fills across major cone sizes—no pre-weighing needed.

Easy to integrate and built to scale, it's the smartest first step into automated pre-roll production.

INCLUDES:

MINI TOP TRAY

MINI BOTTOM TRAY

Quality Pre-Roll Output. Craft-Scale Price

The RollCraft MRB removes manual bottlenecks with automated, consistent filling - boosting output, reducing labor, and lowering cost per pre-roll in a compact, scalable system.

\$3,500

- Compact design for craft to mid-scale ops
- Fast, uniform fills (44 ft-lb centrifugal system)
- Works with standard cone sizes
- Consistent packing - no pre-weighing
- Modular, lightweight setup with separate controls
- 110V / 220V • 26 lbs • Aluminum + steel construction

Pre-roll Automation Combo: Fill + Close \$29,995

★ Best Value - MRB + ATC Jump Starter System

30–70% less than STM premium, ~95% less than enterprise. Typical ROI: 3–6 months from labor savings alone.

Key Features:

- Fill + close up to 10,000/day with 1–2 operators.
- 72 joints every 3 minutes.
- Works with 70mm–109mm cones.
- Retail-ready Dutch crown finish.
- Compact, easy to clean, quick setup.
- (ATC requires external air.)

RC Jump Starter Includes:

- MRB + ATC machines
- 2 extra trays (\$1,250 value)
- QR metal knobs (\$85) + 1 catch bins (\$25)
- Up to 2 hours virtual training (\$800 value)

Accessories kit (hoses, connectors, loading box, risers, etc. - \$250 value)
