Pre-Rolls Are Exploding (+63%). Are You Keeping Pace?

STM Canna is the global leader in cannabis pre-roll automation. Since 2017, we've helped producers replace labor-heavy workflows with modular systems built to scale—without disruption.

Our patented one-tray process eliminates handoffs, reduces waste, and ensures consistent, compliant pre-rolls—whether you're producing hundreds or tens of thousands per day.

Pre-Rolls Are Booming. Can You Keep Up?

Pre-rolls are the fastest-growing category in cannabis.

Infused pre-rolls alone have surged **63% in the past two years**. With **15% market growth projected for 2026**, manual production is no longer viable.

Automation isn't optional - it's your competitive edge.

STM's modular approach lets you scale output efficiently while avoiding the costly downtime of all-in-one systems.

TO PRE-ROLL PERFECTION!

STM'S ONE-TRAY WORKFLOW REMOVES INEFFICIENCY, VARIABILITY, AND LABOR RISK- WITHOUT SACRIFICING QUALITY

- **Increase output** without adding headcount
- **Reduce flower loss** with precision dosing
- **Deliver consistent**, compliant weights every cycle
- **Scale instantly** without retraining or retooling

GRIND.

ROLLCRAFT: START AUTOMATING WITHOUT OVERCOMMITTING

RollCraft is your entry point to real automation - designed for operators ready to replace hand-packing without investing in equipment they'll quickly outgrow.

RollCraft ATC

RollCraft MRB

Start Small. Scale Smart. Affordable Excellence.

ROLLCRAFT MRB

START AUTOMATED. STAY FLEXIBLE

\$3,500 (NEW for 2026)

Your First Step Out of Manual Production

The RollCraft MRB replaces hand-filling and packing with consistent, repeatable automation—lowering labor costs while protecting quality.

Consistent automated filling & packing.
Craft-scale, STM-inspired design. Only 26 lbs.
Quick setup with minimal training.

**6-MONTH
WARRANTY**

ROLLCRAFT ATC

DUTCH CROWN CLOSING MODULE

\$24,995 (NEW for 2026)

Eliminate hand-closing with precision affordable automation that increases output, improves consistency, and cuts labor costs from STM's RollCraft line.

- Clean Dutch crown, every time
- Increased throughput over hand closing
- Smoother burn, less canoeing
- Lower cost per unit, lower labor

**6-MONTH
WARRANTY**

**MADE IN
USA**

REVOLUTION 2.0

ENGINEERED TO PROTECT WHAT MAKES FLOWER VALUABLE

Engineered for cannabis, the Revolution 2.0 creates a uniform grind that drives better pre-roll consistency and higher extraction yields.

- Proven to minimize cannabinoid and terpene loss
- Self-regulating, clog-free closed-loop system
- Scissor-style blade oscillation
- Precision auger and blade speed control
- Continuous feed reduces labor
- 1-year parts & labor warranty

Third-party testing confirmed under 1% terpene loss and no measurable cannabinoid or terpene degradation with the Revolution 2.0.

**1-YEAR
WARRANTY**

**MADE IN
USA**

MINI-REVOLUTION

PROFESSIONAL GRINDING FOR SMALL ROOMS

Designed for cannabis, the small-but-powerful Mini-Revolution produces a uniform grind that improves pre-roll consistency and extraction yields.

- High-torque variable speed motor
- Interchangeable fine & coarse blades
- Lower terpene and cannabinoid loss
- Uniform, consistent grind
- Compact, tabletop footprint
- Quiet operation
- Easy to use, clean, and maintain
- 1-year parts & labor warranty

ROCKETBOX PRO

360 PER CYCLE | 5,000/hr | 40,000+ DAILY

Engineered for scale, the RocketBox Pro uses five independent stations to maximize throughput, handle multiple sizes and strains, and deliver consistently uniform pre-rolls.

- Built for large producers and co-packers
- Up to 5,000 pre-rolls/hour. 40,000/day.*
- Five independent stations. Zero downtime.
- Built-in timers for each station.
- Run multiple strains and sizes at once
- Switch sizes instantly
- Dial in weights with one touch
- Set it. Run it. Walk away.
- Clean fast. Maintain faster.

*Results may vary based on material, equipment, personnel, facility, controls, and specific processes. STM is committed to assisting you in achieving optimal results with our equipment and processes.

ROCKETBOX 2.0

453 PER CYCLE | 2,500/hr | 20,000+ DAILY

Built to boost output and cut labor, the RocketBox 2.0 rolls 453 joints per cycle for efficient, high-throughput pre-roll production.

- Smart density software for accurate weights
- Packs 453 or (2) 72-count trays filled in 1 minute
- Built-in training mode
- Consistent, repeatable results
- Adjustable lift plate and top tray
- Supports 70mm, 84mm, 98mm, and 109mm cones
- 1-year parts & labor warranty

MINI-ROCKETBOX PLUS+

72/143 PER CYCLE | 1,200/hr | 10,000+ DAILY

Engineered for durability and output, the Mini-RocketBox PLUS+ delivers commercial-grade power, efficiency, and versatility for maximum pre-roll production.

- Produce 10,000+ pre-rolls per day with just 2–3 operators*
- Up to 1,250+ pre-rolls per hour*
- Supports 70mm, 84mm, 98mm, 109mm, and custom sizes
- No pre-weighing required
- Bottom-up lift plate for even filling
- Adjustable top tray for precise weight control
- Durable stainless-steel, commercial-grade construction
- Compatible with dog walkers and standard cone sizes
- Easy to operate, clean, and maintain

CONE LANDER

LOAD A TRAY OF 72 CONES IN SECONDS

\$7,000

The Cone Lander can accelerate the process of pre-roll production by minimizing the time needed to manually load 72-count trays with empty cones. You can now load a tray of 72 pre-rolls in just seconds, with precise and swift placement for 84mm, 98mm, or 109mm tray sizes. Note: Machine is only for 1 specific size.

- Simple Push Button Operation
- Loads 72-Count Tray of Cones in Seconds
- Saves Time and Labor Costs
- Durable Stainless Steel & Aluminum Construction
- 1-Year Parts & Labor Warranty

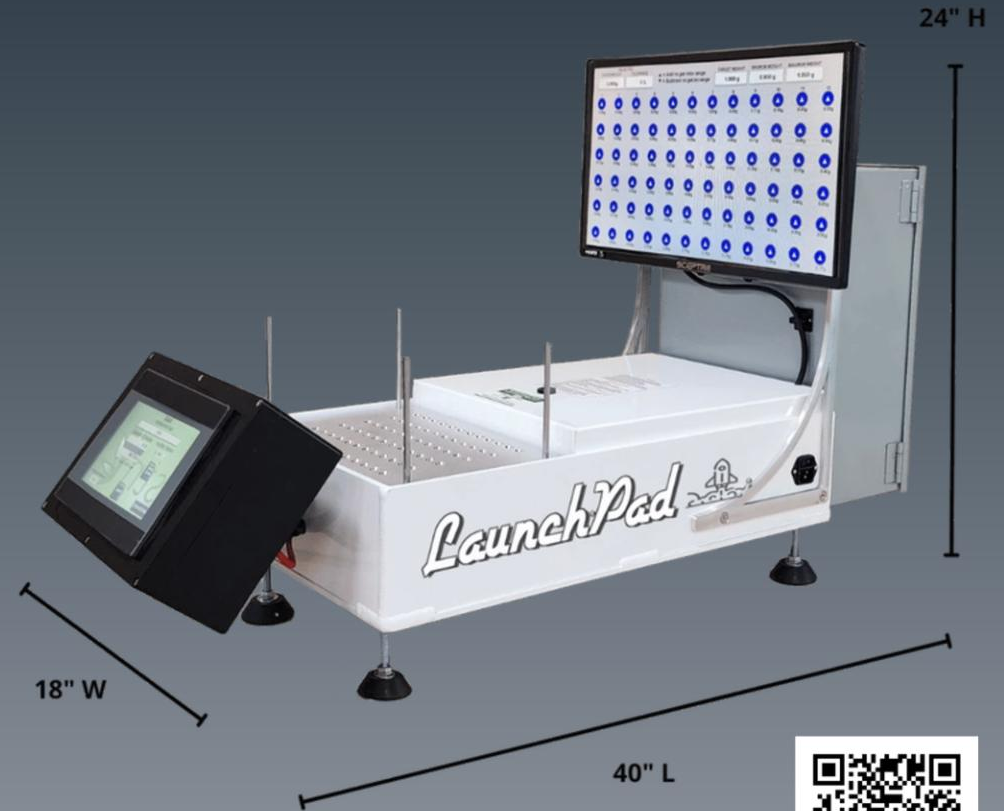

LAUNCHPAD SCALE

WEIGH 72-JOINT AT ONCE IN SECONDS

STM's LaunchPad scale: Weigh 72 pre-rolls in seconds, increasing efficiency and freeing your team for other tasks. Boost your output and say goodbye to tedious manual weighing!

- Modular Design: First-ever adaptable commercial pre-roll scale.
- Weigh 72 Joints: Simultaneous weighing for maximum efficiency.
- Ultra-Precise: Individual readings for every joint.
- Customizable: Target weight, tare, and tolerance settings.
- 20" LCD Display: Pass/fail color-coding for instant feedback.
- Warranty & Support: 1-year warranty & top-rated customer support.

ATOMIC CLOSER TURBO

DUTCH CROWN 72-JOINTS IN 28.4 SECONDS

(NEW for 2026)

Scale Your Pre-Roll Production with the 2026 Atomic Closer. This tabletop machine eliminates bottlenecks and delivers high-quality, consistent results for businesses of all sizes.

33"H

32"L

18"W

- Folds Ends into a Neat, Consistent Dutch Crown.
- Closes 72 joints faster in 28.4 seconds. (New)
- Close up to 3600 joints per hour.
- Joint sizes: 70mm, 84mm, 98mm, 109mm, Custom.
- Tablet Touch Screen Controlled. (New)
- Updated Programming (New)
- Effortless cleaning for hassle-free operation.
- One-year warranty & top rated customer support.

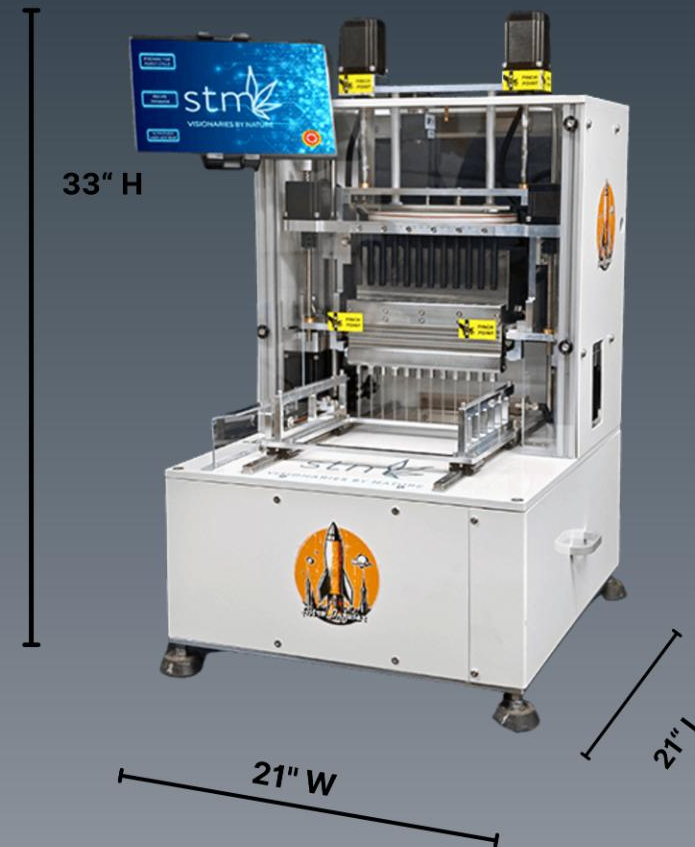

ASTRO INFUSER 2.0

(NEW for 2026)

INFUSE 72-JOINTS IN 90 SECONDS*

Astro Infuser: Infuse 72 pre-rolls in 90 seconds. This purpose-built machine delivers speed, precision, and consistency for high-volume infused pre-roll production.

- Updated Simplified Design (New)
- Infuses a tray of 72 pre-rolls in 90 seconds.*
- Infuse pre-rolls with any liquid concentrate.
- Precise dispense & temperature control technology.
- Enhanced touch screen control system & programming (New)
- Designed for easy operation, maintenance and cleaning.

*Results may vary based on material, equipment, personnel, facility, controls, and specific processes. STM is committed to assisting you in achieving optimal results with our equipment and services.

ASTROVAPE MACHINE

(NEW for 2026)

FILLS 96 CARTRIDGES IN UNDER 60 SECONDS

AstroVape delivers production-grade cartridge filling with true volumetric accuracy, high speed, and STM's patented heated precision control - no nitrogen, no compromise.

- Fills up to 96 cartridges in < 1 minute @ 1g.
- Multi-Format Compatibility: 510, AIO Disposables, and customs.
- Precise dispense & temperature control technology.
- Programmable Product Recipe Management.
- Engineered for Easy Operation, Maintenance, and Cleaning

ASTROVAPE SYSTEM

(NEW for 2026)

COMPLETE FILLING & CAPPING SYSTEM

Fill. Cap. Done.

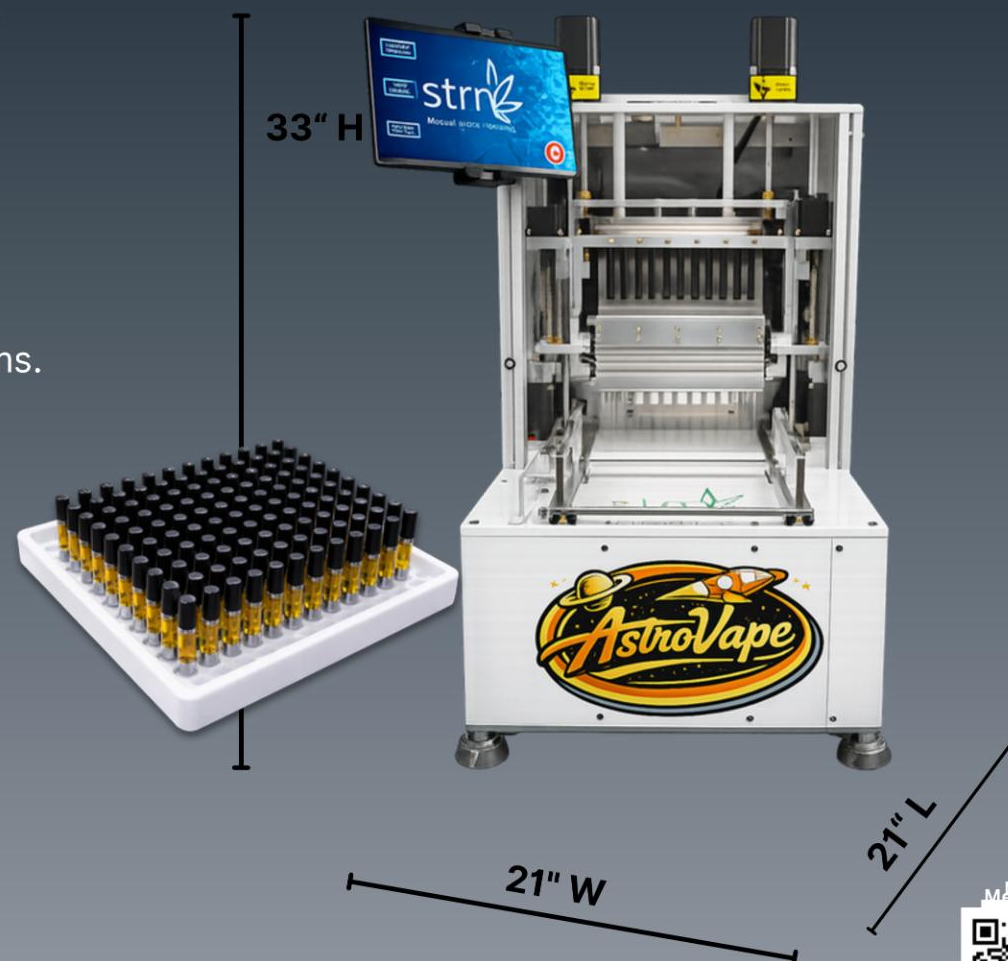

AstroVape completes 96 cartridges in under two minutes—production speed, precision accuracy, zero bottlenecks.

STM COMPATIBLE CONES & WEIGHTS

WHY CONE COMPATIBILITY MATTERS:

- Unlock more SKUs and market segments without buying more equipment
- Quick changeovers maximize production time
- Stay compliant across markets without process changes
- Deliver consistent quality from minis to king-size pre-rolls
